## Workpackage WPC

## Implementation – Enterprise Characteristics

## Deliverable C8: Experimental statistics 2020

**Final version, 1 November 2020**

**Prepared by:**
Alexander Kowarik, Johannes Gussenbauer (STAT, Austria)
Galya Stateva, Kostadin Georgiev (BNSI, Bulgaria)
Jacek Maślankowski, Ewelina Niewiadomska, Paulina Małek, Michał Bis (GUS, Poland)
Olav ten Bosch, Dick Windmeijer (CBS, Netherlands)

Workpackage Leader:
Galya Stateva (BNSI, Bulgaria)
e-mail address: gstateva@nsi.bg
telephone: +359 2 9857 773
mobile phone: +359888884022

All experimental statistics for on-line based enterprise characteristics (OBECs) 2020 developed in the context of ESSnet on BD II, WPC can be found on the following links:

- https://webgate.ec.europa.eu/fpfis/mwikis/essnetbigdata/index.php/WPC_Experimental_statistics (the specific WPC link for experimental statistics)
- https://webgate.ec.europa.eu/fpfis/mwikis/essnetbigdata/index.php/Experimental_big_data_statistics (more general link for Experimental big data statistics)
- https://ec.europa.eu/eurostat/web/experimental-statistics (Eurostat's site of experimental statistics)
- https://ec.europa.eu/eurostat/cros/content/ess-experimental-statistics-hub-now-live-check-out-innovative-products-all-over-europe_en (ESS hub for experimental statistics)

The experimental results 2020 are accompanied with ESQRS and ESMS reports.
The Methodological notes are updated to reflect the changes in process and methods used for production of OBECs experimental data 2020.
